4. Cerner is planning an early Q1 2017 deployment.
5. There are just under 4300 providers enabled for ePA in Indiana and there has been over 5200 ePA transactions submitted by an Indiana provider....a 10 fold increase since the beginning of the year!
6. We continue to work with the PBMs to improve their messaging and their formulary files as well as driving them to get their health plans connected. A lot of that has been done in the past 1-2 months.
