

# Hospital and Insurer Responses

- Hospital and Insurers have submitted their plans to lower the prices of healthcare to at least the national average. Each plan is linked below. Additional information can be found [here](#).

- **Hospitals**

- [Ascension St. Vincent](#)
- [Community Health Network](#)
- [Deaconess Health System](#)
- [Franciscan Alliance](#)
- [Indiana University Health](#)
- [Parkview Health](#)
- [Indiana Hospital Association](#)
- [Insurance Institute of Indiana](#)

The screenshot shows the top navigation bar of the Indiana Senate Republicans website with links for Senators, Find a Bill, Media Room, and Get Involved. The main heading is 'Bray, Huston Call for Action to Lower Health Care Costs'. Below the heading is a sub-heading with the same text. A paragraph of text describes a joint letter signed in December 2021 by House Speaker Todd Huston and Senate President Pro Tem Rodric Bray, requesting health insurance carriers and nonprofit health care systems to lower out-of-control costs by April 1, 2022. The text mentions that responses from hospitals and insurers are linked below. There are two sections: 'Original Announcement' with three bullet points linking to the press release, the letter to hospital systems, and the letter to health insurance carriers; and 'Response Documents' with a list of seven organizations: Ascension St. Vincent, Community Health Network, Deaconess Health System, Franciscan Alliance, Indiana Hospital Association, Insurance Institute of Indiana, Indiana University Health, and Parkview Health.
